EXCELLENCE IN DESIGN | ST. LOUIS

# A HEAVENLY HUNTLEIGH HIDEAWAY

Elevate Outdoor continues its standard of brilliance in landscape design, raising the bar once again with its latest masterpiece

From its earliest days as a lawncare service into one of the region's most trusted outdoor design-build and landscaping teams, Elevate Outdoor has garnered a reputation as design-savvy Missourians' go-to for excellence. Exceptional craftsmanship, stunning design, and impeccable customer service have earned Elevate Outdoor its spot at the top of many a homeowner's wish list, one of whom recently enlisted the team to bring his family's backyard dreams to life.

"Like all of our projects, the Huntleigh Hideaway began with the clients' vision for their ideal outdoor space," says Tony Meyer, Chief Sales & Marketing Officer. "We are in the business of turning a vision into a reality."

Born from a desire to transform the backyard into a space suitable for day-to-day living and large-scale entertaining, the Huntleigh Hideaway displays a showstopping, all-in-one snapshot of the Elevate Outdoor ethos: beautifully conceived designs completed to the most exacting standards of quality. From the swaths of stone paving and generous natural limestone hardscaping complementing the existing architecture of the house to the pergola, outdoor kitchen, and fireplace, the yard is an ode to outdoor living at its best.

"We brought the same design elements to the front of the house as well," explains Meyer. "The driveway, landscaping, and hardscaping echo the design cues from the backyard, creating a beautiful entrance to the property."

With Elevate Outdoor's signature ongoing care and maintenance, the property is destined to remain a neighborhood showstopper for years to come.

"We pride ourselves on providing concierge-level service before, during, and long after a project is finished," says Meyer. "Our clients know we are with them for the long haul."

**CLOCKWISE FROM TOP:** An expanded driveway and new landscaping and hardscaping create a beautiful entrance to the Huntleigh Hideaway. Natural limestone hardscaping complements the existing architecture of the house. Generous seating areas, a mounted television, and a fireplace transform the backyard into a space tailor-made for everyday living and entertaining. The custom-designed pergola offers an open connection to the dining and seating areas.
